

Our Veterans, Seniors & Human Services levy has helped over 185,000 veterans, seniors, and neighbors in King County since 2017, when voters passed it with 68% approval.

Your vote this election to renew KC Prop 1 will allow us to build on levy success by preserving housing, employment, counseling and other services including:

VETERANS will keep one-stop service centers, job training, financial assistance, housing, and supportive services.

SENIORS will continue to benefit from a wide range of services at 39 senior centers across King County (Prop 1 would double the investment in senior centers!), as well as help with housing, tax relief support, food assistance, and programs for healthy aging in place.

NEIGHBORS FACING BARRIERS in communities all over King County will be able to access support including 24/hr assistance for survivors of gender-based violence, civil legal aid services, shelter, supportive services for people living with disabilities, and mobile medical care for people without homes.

Programs are independently audited for efficiency and maintain the 2017 rate.

Vote YES on KC PROP 1 by August 1 to renew our Veterans, Seniors & Human Services Levy!
